

Scoutland Aquatics Campout

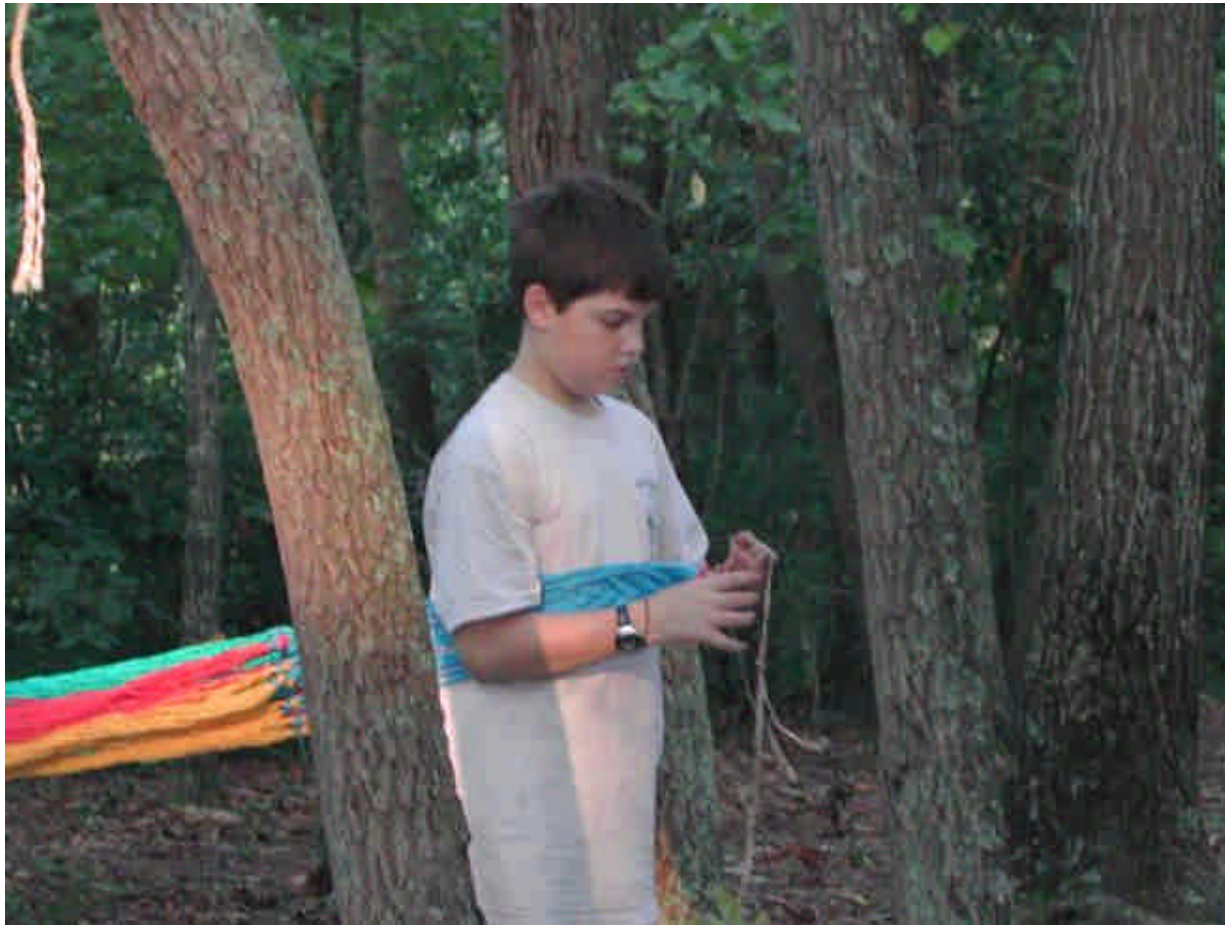

August 2003

Scoutland – Located on Lake Lanier

Pitch your tent by the water and listen to the ripples all night.....

Or just stretch a hammock between two trees.....

Don't forget – it might rain!

But it's fun to just stretch out in the hammock anyway...

Experience the joys of cooking.... And building large fires!

And poking sticks in the fire.....

Show some Scout spirit with your patrol.....

Or just sit around.....

The adults make GREAT role models!

Especially, Mr. Cherry!

Sometimes you can play games in the field.....

But the most fun is playing games in the water!

Or just getting wet.....

Or just floating around taking it easy.....

If things get too dull, just have a greased watermelon game.....

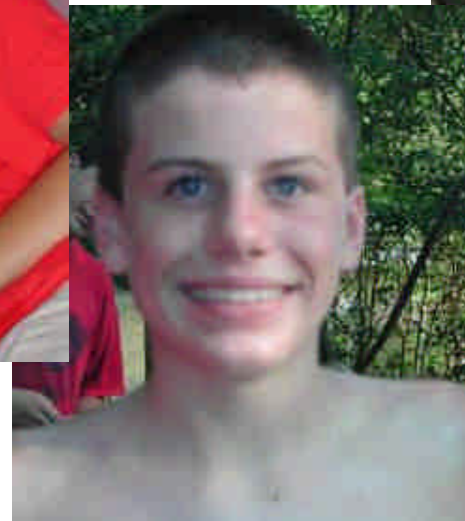

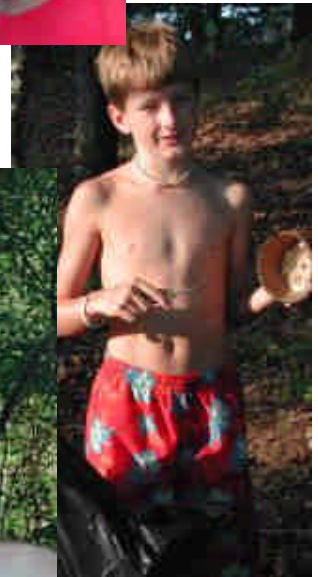

Thanks to Mr. Gates!

And call it a day when you're too tired to swim anymore....

Don't you think they look happy?

Goodbye till next year.....
